Notes to the Condensed Consolidated Interim Financial Statements

(unaudited - expressed in Canadian dollars)

For the Six Months ended September 30, 2019 and September 30, 2018

1. CORPORATE INFORMATION

The Company is engaged principally in the acquisition, exploration and development of mineral properties. The recovery of the Company's investment in mineral properties and attainment of profitable operations is principally dependent upon financing being arranged by the Company to continue operations, explore and develop the mineral properties and the discovery, development and sale of ore reserves.

The Company was incorporated under the Business Corporations Act of British Columbia by Certificate of Incorporation dated November 29, 1965. The Company is listed on the TSX Venture Exchange ("TSX-V"), having the symbol GRV-V, as a Tier 2 mining issuer.

The address of the Company's corporate office and principal place of business is Suite 888 - 700 West Georgia Street, Vancouver, British Columbia, V7Y 1G5.

2. BASIS OF PREPARATION

(a) Statement of Compliance

The condensed unaudited consolidated interim financial statements of the Company for the six months ending September 30, 2019 have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB").

These unaudited condensed consolidated interim financial statements have been prepared in full compliance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34"). Accordingly, these unaudited condensed consolidated interim financial statements follow the same accounting principles and methods of application as the audited annual consolidated financial statements for the year ended March 31, 2019 but may condense or omit certain disclosures that otherwise would be present in annual financial statements prepared in accordance with IFRS. These financial statements should therefore be read in conjunction with the audited annual consolidated financial statements for the year ended March 31, 2019. Results for the period ended September 30, 2019, are not necessarily indicative of future results. These unaudited condensed consolidated interim financial statements were authorized for issue by the Board of Directors on November 29, 2019.

(b) Basis of Presentation and Measurement

These unaudited condensed consolidated interim financial statements have been prepared on a historical cost basis and include the accounts of the Company and its wholly-owned subsidiary, Ootsa Ventures Ltd., All material intercompany accounts and transactions have been eliminated.

The unaudited condensed consolidated interim financial statements are presented in Canadian dollars, which is also the Company's and its subsidiary's functional currency.

The preparation of financial statements in compliance with IFRS requires management to make certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies. The areas involving a higher degree of judgment of complexity, or areas where assumptions and estimates are unchanged from those set out in Note 4 of the audited Consolidated Financial Statements for the year ended March 31, 2019.

For the Six Months ended September 30, 2019 and September 30, 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

There have been no material revisions to the accounting policies reported in the Company's audited Consolidated Financial Statements for the Year Ended March 31, 2019.

(a) **Going Concern of Operations**

These consolidated financial statements have been prepared on the basis that the Company will continue as a going concern, which assumes that the Company will be able to meet its commitments, continue operations and realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. However, there are currently material uncertainties in respect to these assumptions which cast significant doubt as to the Company's ability to continue as a going concern. The Company has incurred losses since inception, has no recurring source of revenue and has an accumulated deficit of \$18,509,473 at September 30, 2019. The Company will need to raise sufficient funds in order to finance ongoing exploration, development and administrative expenses. The Company has no assurance that such financing will be available or be available on favourable terms. Factors that could affect the availability of financing include the Company's performance, the state of international debt and equity markets, investor perceptions and expectations and the global financial and metals markets. If successful, the Company would obtain additional financing through, but not limited to, the issuance of additional equity.

b) **Significant Accounting Judgments, Estimates and Assumptions**

The preparation of the Company's consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities and contingent liabilities at the date of the consolidated financial statements and reported amounts of income and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates.

Areas requiring a significant degree of estimation and judgment relate to the recoverability of the carrying value of exploration and evaluation assets, fair value measurements for financial instruments and share-based payments, the recognition and valuation of provisions for restoration and environmental liabilities, the recoverability and measurement of deferred tax assets and liabilities, and ability to continue as a going concern. Actual results may differ from those estimates and judgments.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

There have been no material revisions to the nature of judgments and amount of changes in estimates of amounts reported in the Company's unaudited Condensed Consolidated Interim Financial Statements for the six months ended September 30, 2019.

5. RECLAMATION BONDS

Included in Mineral Exploration and Evaluation Costs as at September 30, 2019, is the Company's aggregate reclamation bonds posted with the Mining and Minerals Division of the British Columbia Government in the amount of \$169,900 (March 31, 2019 - \$169,900).

The bonds cover the future site restoration costs with respect to the Seel and Ox Lake Claims, collectively known as the Ootsa Property. All or part of the \$169,900 can be recovered subject to the inspection of the sites and assessment of the restoration costs by the Mining and Minerals Division of the British Columbia Government.

The bonds have not been discounted from their future value because the Company estimates the bonds may be settled within 2 years and the discounting cost being considered immaterial. The Company believes that the amount of the bonds includes sufficient risk premium.

Recovery of the posted bonds remains subject to the inspection of the sites and assessment of the restoration costs by the Mining and Minerals Division of the British Columbia Government.

6. MINERAL PROPERTIES

British Columbia Mineral Tax Credits (“BCMETS”)

The completion of certain qualified exploration costs by the Company entitles it to refundable tax credits as part of an exploration incentive plan offered by the Province of British Columbia. In June 2018 the Company filed a BCMETS claim with the Canada Revenue Agency seeking \$3,299 in qualified refundable tax credits for the year ended March 31, 2018, which was accrued at March 31, 2018 and received during fiscal 2019. In May 2019 the Company filed a BCMETS claim with the Canada Revenue Agency seeking \$154,522 in qualified refundable tax credits for the year ended March 31, 2019, which has also been accrued and which is considered to be entirely collectible.
